Sir:

This Fourth Supplemental Information Disclosure Statement follows the Third Supplemental Information Disclosure Statement filed on July 30, 2004.

Applicant wishes to call the Examiner's attention to the publication (Reference AU) listed in the Other Art section of the enclosed PTO Form 1449A.

The publication states that skeletal muscle stem cells do not transdifferentiate into cardiomyocytes after cardiac grafting. This publication relates to the Murry et al. publication (of record) which was applied under 35 U.S.C. §103. The Examiner may wish to consider this additional information.

Applicant certifies, in the attached Certification, that the reference cited in this Fourth Supplemental Information Disclosure Statement was discovered less than three (3) months prior to the date set forth below.

Respectfully submitted,

Date: September 17, 2004

Sir:

I, Gerald K. White, Attorney for Applicant, hereby state that the reference cited in this Fourth Supplemental Information Disclosure Statement ("IDS") was first discovered by me on September 15, 2004 as a result of a communication from the inventor, James P. Elia. Such discovery time is less than three (3) months prior to the date of this Fourth Supplemental Information Disclosure Statement.

I further state that no item of information contained in this IDS was cited in a communication from a foreign patent office in a counterpart foreign application, and, to my knowledge, after making reasonable inquiry, no item of information contained in this IDS was known to any individual designated in 37 C.F.R. 1.56(c) more than three (3) months prior to the filing of this statement.

Respectfully submitted,

Date: September 17, 2004
